## OBJECTIVE

---

I thrive in fast-paced environments where quality code, collaboration, and continuous learning are paramount. My experience includes leading cross-functional teams, mentoring junior engineers, and architecting systems that prioritize both performance and maintainability. I believe in writing clean, efficient code, and I'm always looking for new ways to push the boundaries of technology while staying customer-focused. Whether it's optimizing existing infrastructure or driving innovation from the ground up, I'm eager to bring my technical acumen and problem-solving skills to exciting challenges ahead.

## EDUCATION

---

- Meenakshi College of Engineering, Chennai-78.** 2019  
B.E ( Electronics and Communication)  
7.89 CGPA
- St. Vincent Mat Hr Sec School, Aminjikarai, Chennai-29.** 2015  
HSC  
84.25%
- St. Vincent Mat Hr Sec School, Aminjikarai, Chennai-29** 2013  
SSLC  
94.2%

## INTERESTS

---

- Web Application Development
- Team Lead

## EXPERIENCE

---

- TechMahindra** 30 June 2020 - Present  
Senior Software Engineer  
Working as a Java developer for Nissan Project (VIMS) in a Agile process. Occasionally worked in front end bug fixes. As a Senior Software Engineer, I'm driven by a passion for solving complex challenges through innovative and scalable software solutions. With expertise spanning across [Java, Spring Boot, Hibernative, MySQL, Postgresql , few AWS services] and have a basic knowledge in JSP,JS and Angular.
- TechMahindra - Contractor from DSRC** 7 October 2019 - 30 June 2020  
Associate Software Engineer  
Worked in Nissan Project (VIMS) as a developer, support and testing. Also worked in BRMS Upgrade Project for VIMS with successful delivery.

## TECHNICAL SKILLS

---

- Java
- Spring , Spring Batch
- Spring Boot
- Hibernate
- MySQL , Postgresql
- Few AWS Services

## EXTRA-CURRICULUM

---

- Handball Player, Attended District Level Competition in Chennai

## TRAINING/WORKSHOPS ATTENDED

---

- Trained at DSRC as a Full stack developer
- Attended Workshop on "Innovations in Electronic System Design" at Meenakshi College of Engineering, Chennai.
- Attended "Implant Training" at ICF, Chennai and BSNL Chennai.

## ACHIEVEMENTS AND AWARDS

---

- Achieved Second Place in Hand Ball Competition at Chennai District Level.
- Received Pat on Back Award for BRMS Upgrade Project in TechMahindra at 2020.
- Received Pat on Back Award for AWS Migration Project in TechMahindra at 2022.
- Received Pat on Back Award for best team contribution in TechMahindra at 2024.
- Received X rating twice in Annual Appraisal feedback for best performance in Team.
- Received ACE Award for delivering exceptional work, delighting customers in TechMahindra at 2024.

## PROJECTS

---

- **BRMS Upgrade Project**  
Worked in BRMS Upgrade Project for VIMS Application to change the incentive program drool file from BRMS server to Application file system.
- **AWS Migration Project**  
Worked in database migration from Oracle to Postgres. Entire VIMS application database calls have been upgraded along with migration of application server from NDC to AWS instances. Release was successful and named as "A" Team from Clients and personally received pat on back award.
- **AWS Batch Integration**  
Worked as a single member migrating VIMS Batch running from EC2 server via TWS to AWS with successful project delivery.  
  
AWS Services used: ( AWS Batch, AWS Step Function, AWS Lambda, AWS Eventbridge, S3 Bucket and Cloudwatch).
- **AWS Secret Manager Integration**  
Migrated the password storage from database to AWS Secrets Manager for VIMS Application.
- **Project Framework Upgrade**  
Working on project Framework Upgrade from Spring to Spring-Boot and ibatis to Spring Data JPA. Currently working as a backend developer in this project for VIMS Application.
